5th Annual Retail Real Estate Food Drive of Chicago

Motivation: A friendly competition between Chicago Real Estate firms to see who can make the biggest impact on hunger this holiday season.

When: September 1st -30th

Who: Benefits Chicagoland's neediest families in partnership with Feeding America and the Greater Chicago Food Depository's Hunger Action Month

How:

- 1.) Sign up on your company's sign in sheet.
- 2.) Bring in any extra canned goods, blankets, or cash between during the month of September, and place in your company's designated CFD Box
- 3.) On September 30th, all the goods will be taken to the Chicago Food Depository where they will be weighed and inventoried for quick distribution.

**All collected goods from each company will be weighed at the CFD on the 30th and the total weight will be divided by the number of people who signed up from that company. The firm with the highest weight per capita will be deemed the winner. The winning firm's participants will receive the prestigious Chicago Real Estate Canned Food Drive Trophy which will be held by the winning company until the following year's Canned Food Drive.

It's not as important who wins the competition, but rather that those of us who can afford three square meals a day give back to those who cannot, especially during these trying economic times.

Sign up and bring in your extra canned goods and help make a difference during Hunger Action Month!!
