HP Blue Back Billboard Paper is a highly opaque, satin finish media specifically developed for outdoor billboards, posters and kiosks. The satin finish paper is optimally compatible with HP Latex and low-solvent printers.

Ideal for mid-volume print service providers (PSP) looking for an affordable outdoor paper.

With its multilayered satin coating, HP Blue Back Billboard Paper consistently produces brilliant, high-quality prints. Coating absorbs ink and then encapsulates colorant molecules delivering high colour brilliance as well as water resistance.

Water-, tear- and scratch-resistance and excellent folding properties make this media versatile for outdoor use. Save money - durable material construction minimises reprints. Save time - easy to fold and handle for maximum efficiency.

The paper's blue backing ensures high opacity and reduced shine-through on all applications. Due to its opacity, it can be applied directly over previous prints, saving time and labour.

HP Blue Back Billboard Paper

Compatibility

For compatibility information, please refer to the latest Large Format Supplies Compatibility chart on www.hp.com/go/designjet/supplies

For the latest ICC/media profiles, please visit www.hp.com/go/designjet/supplies (click on ICC profiles and select your printer). For non-post script printers see your external RIP vendor.

Product specifications

Weight	125 g/m ² per ISO 536 Test Method, 3.7 oz.									
Thickness	6.5 mil/165 microns per ISO 534 Test Method									
Opacity	99% per TAPPI T-425 Test Method									
Brightness	91% per TAPPI T-452 Test Method									
Whiteness	109 per CIE Ganz 82 Test Method									
Finish	Satin									
Operating temperature	15 to 35° C									
Operating humidity	35 to 65% RH									
Lighfastness (Indoor Commercial Window) Low-solvent Ink	Greater than 2 years (with HP Designjet L65500 Printer Series and HP 786 Latex inks). For details: http://www.hp.com/go/supplies/printpermanence .									
Waterfastness	Water-resistant									
Dry time	15 minutes (@ 23°C, 50% RH)									
Shelf time	2 years, unopened in original packaging									
Storage temperature	10 to 30° C									
Storage humidity	35 to 65% RH									
Country of origin	Product of Italy
