

HP WHITE SATIN POSTER PAPER

Think of the potential. Durable prints rich in detail and brilliant color grab attention indoors and outdoors. Versatility across inks helps you offer new applications. And this recyclable paper¹ is designed with the environment in mind.

Offer paper designed with the environment in mind
Offer indoor/outdoor campaigns produced on recyclable HP White Satin Poster Paper, manufactured according to the ISO international standard for environmental management systems.

Profit from increased productivity
Save time and increase productivity. Scratch-resistant prints dry quickly and stay intact with folding. Use water-resistant prints outdoors, without lamination.² HP White Satin Poster Paper delivers the easy, trouble-free printing you expect from HP.

Expand your applications
Choose indoor or outdoor applications, and the best inks for the job, and get attention-grabbing color and sharpness for brilliant campaigns, including billboards. Expand your applications with versatile HP White Satin Poster Paper.

¹ HP offers the HP Large-format Media take-back program in the U.S. and Europe, through which most HP recyclable signage media can be returned, availability varies. Some recyclable papers can be recycled through commonly available recycling programs. For details visit www.hp.com/go/recycleLmedia. Aside from this program, recycling opportunities for these products are currently only available in limited areas. Customers should consult local recycling resources for recycling these products.

² Image permanence and water-resistance ratings by HP Image Permanence Lab. Outdoor display permanence tested according to SAE J2527; in a vertical display orientation in simulated nominal outdoor display conditions for select high and low climates, including exposure to direct sunlight and water; performance may vary as environmental conditions change. For more information, see www.hp.com/go/supplies/printpermanence.
